Washington, July 16 .- A rigid probe

of alleged irregularities in the army transport service is to be made by the inspector-general's department of the army.

War Department officials are ex-tremely reticent in this day of official investigation.

San Francisco, July 16.—Graft the declared, "despite the strictest supervision in connection with the army transport service of the United States have been fully substantiated on the Pacific coast, at least by Captain H. L. Kennison, commanding the transport Sheridan.

"There always has been whiskey sold on this transport illegally, and I believe there always will be," said Captain Kennison, when the Sheridan docked in this city, "I do not believe that the higher officers are responsible," the captain said, "but men will drink, and individuals supply them. Despite ali that can be done, it seems impossible to stamp out the traffic completely."

Mincola, L. J. July 16.—The first of lied in move in the anticipated contest over the estate of Walter Duryea, who dided of a broken neck on May 11 at his home in upper Montclair, N. would forfeit their right to share in the estate by so doing.

Surrogate John J. Graham appointed the People's Trust Company, of Brooklyn, temporary administrators of the estate, together with Charles T. Mecarthy, a lawyer, of Jineola, L. I. It is understood that the reason of Duryea's failure to provide for his own people more generously is an attempt on the part of his family to gain control of the administration of his affairs at the t'me of his accident.

steamers have been procured very largely from the Eastern cities, mainly from Baltimore; but this year this policy has been abandoned, and the crews are made up largely of colored laborers procured from the Northern Neck counties. This has made farm labor scarcer than ever in this section. The Rev. W. L. Walton, who for some years past has had charge of the Presbyterian Churches at Sharps and Weems, on the Rappahannock River, has resigned to accept work in the distant South.

During the past week local showers have fallen in nearly every part of the Northern Neck, alleviating to some extent the suffering which the gardens and fields have saturated.

War Department officials are extremely recticent in this day of official investigations and disdain to discuss for publication any probe, "warranted or unwarranted."

Complaints against the transport service of the nature of those made by Captain Kennison, of the transport sheridan, have been more or less frequent ever since the days of the Spanish War and the acquisition of the Philippines, but the War Department has handled them with delicacy.

Major James H. Frier, an army inspector-general, has just reported his arrival in San Francisco for duty as assistant to the inspector-in-chief of the Pacific division. Though it is not admitted here, it is understood that Major Frier's particular duty will be to investigate the Sheridan charges and others. · POLLARD & BAGBY, By N. W. Bowe & Son. Real Estate Auctioneers

Major Friet's particular duty will be to investigate the Sheridan charges and others.

No official statement relative to the charges will be made at the department, but one army man said: 'I am astonished at Captain Kennison'z apparent amazing frankness."

The quartermaster-general feels that everything possible to secure proper conduct of the transport service has been done, but charges of alleged lax discipline conducted on the loads on the high seas plying between San Francisco and Manila have bobbed up from time to time.
